

A nutrition Fact Sheet

Apples

Nutrition Facts

One apple provides about 20% of the recommended daily amount of fiber and 15% of the recommended daily amount of vitamin C. Two-thirds of the fiber is in the skin of the apple.

Buying and Storing

Buying: Look for apples that are firm, without bruises or soft spots. Check the top and bottom of the apples for bruising and mold. Avoid apples that have shriveled skin.

Storing: Do not wash apples until ready to eat. Apples should be stored in the refrigerator. Keeping apples at room temperature will allow them to get mushy more quickly.

Preparing and Cooking

Preparing: Rinse apples in cool water. To prevent cut apples from browning, dip into a mix of 1 part lemon juice and 3 parts water before storing.

Baking: Baked apple dessert: Scoop out the core of each apple, without cutting all the way through. Stuff each apple with a little brown sugar, cinnamon, and butter. Bake in 350°F oven for 15 minutes.

Microwaving: Core the apples. Cut into pieces and put in a microwave-safe dish with a little water. Cook about 3 to 5 minutes, or until soft.

Ways to Enjoy

- Fresh apples are a great snack or dessert.
- Dip apple slices in peanut butter or serve with whole grain crackers and cheese for a quick and easy snack.
- Add chopped apples to fruit salads or green salads.
- Add to cold or hot whole grain cereal.
- Add to sandwiches.
- Add to smoothies.
- Make apple chips by slicing apples very thin, spreading out on a baking sheet, and cooking at 200°F for about an hour.
- Stir grated apples into waffle or pancake batter and cook as usual.
- Use as part of yogurt parfaits.

Easy Homemade Applesauce

Yield: 6 servings • Serving Size: $\frac{3}{4}$ to 1 cup

6 apples, peeled, cored, and chopped
2 teaspoons cinnamon (or to taste)
1 cup water
Sugar (optional – up to $\frac{1}{8}$ cup)

1. Place all ingredients in a pot on the stovetop and bring to a boil. Reduce heat to simmer and cover with lid.
2. Simmer apples for about 20 minutes or until soft. The smaller the pieces of apple, the faster the cook time. Cooking time may be quite a bit longer than 20 minutes, depending on the type of apple.
3. Remove from heat and mash with a potato masher for chunkier applesauce or put in food processor or blender for smoother texture.

Apple Wraps

Yield: 4 servings • Serving Size: $\frac{1}{2}$ wrap

1 large apple, cut into small cubes
1 medium, ripe banana, cut into slices
2 Tablespoons peanut butter
2 whole wheat tortillas

1. Spread peanut butter over one side of tortillas.
2. Sprinkle apple and banana over peanut butter.
3. Tightly roll each tortilla. Cut each wrap in half.
4. Chill in refrigerator until ready to serve, up to 24 hours.

Apple Smiles

Slice an apple into wedges. Spread one side with peanut butter. Top with raisins or small marshmallows for teeth. Place another apple slice on top.
